

archiveType: **marine sediment**

PAGES2k region: Ocean

Authors: Munz, P. M. and Siccha, M. and Lu ckge, A. and Bo

Year: 2015, DOI: 10.1177/0959683615591357

parameter: **temperature**

units: degC

climateIntepretation:

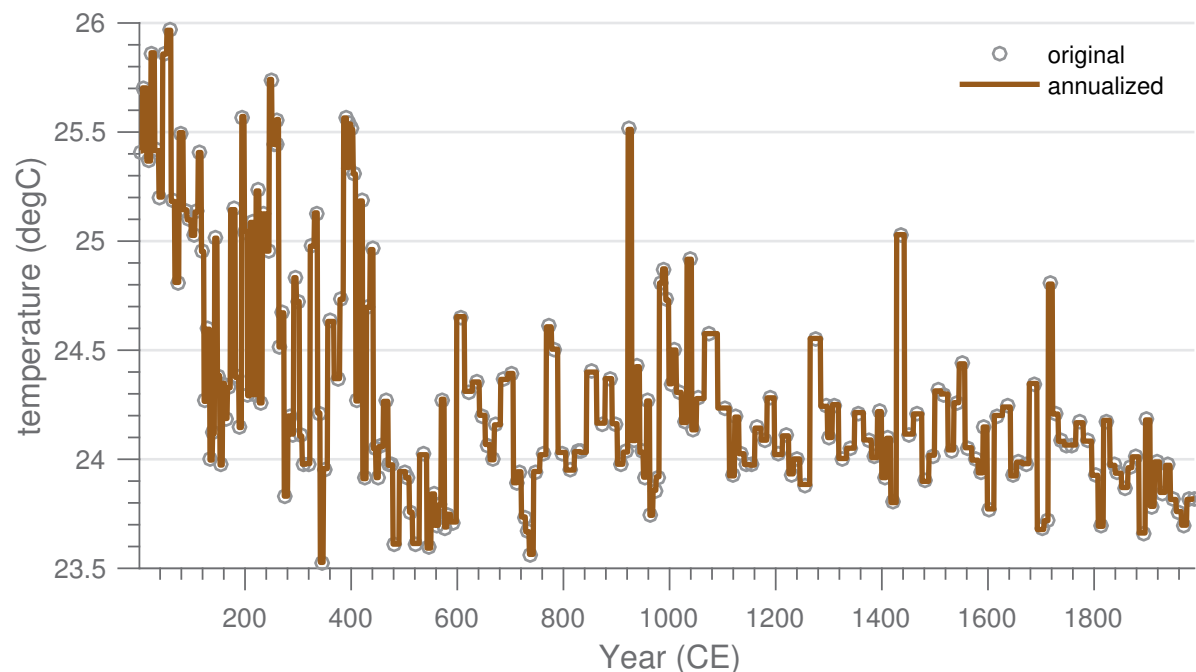

climateVariable: T

climateVariableDetail: sea@surface

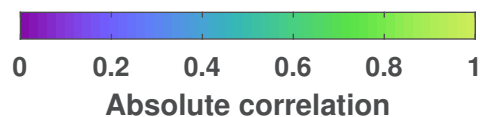

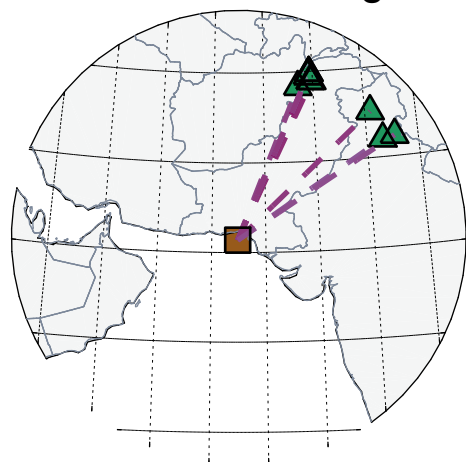

Seasonality: 1 2 3

Direction: positive

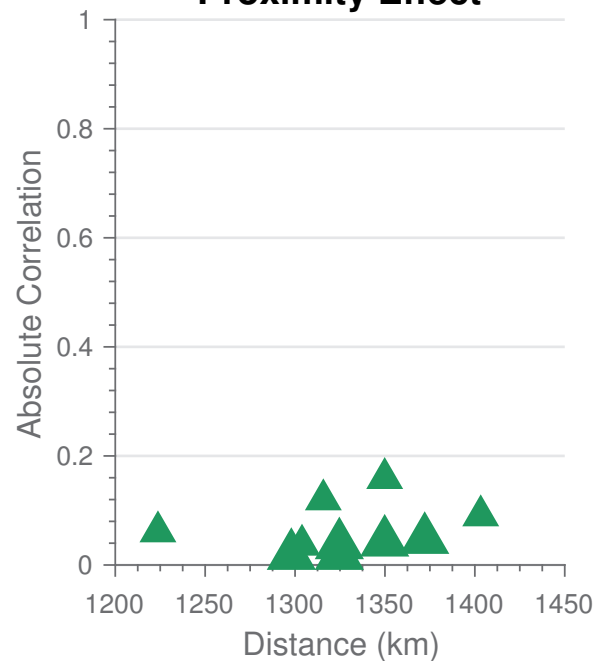

QC Notes: Species response to winter SST proved usi

Correlation to HR neighbors

Proximity Effect

Calibration Information

calibration_equation: consensus of four transfer functions

calibration_reference: WA-PLS: 10.1007/BF00028046

calibration_uncertainty: 0.5-0.9 degC

calibration_uncertaintyType: RMSE

calibration_notes: ?

years of overlap
